

Stylish Performer
NEW Korando

A STYLING MAKE-OVER THAT STRESSES DYNAMISM AND REFINEMENT

EXTERIOR

The New Korando features trendy new styling inside and out, and performance has been upgraded as well to maximise your satisfaction with this exciting compact SUV.

STYLISH RADIATOR GRILLE

DYNAMIC REAR BUMPER AND DUAL TAILPIPES

FRONT AND REAR VIEW CAMERA

To address the safety issue, front and rear view cameras are designed so that you can avoid hitting parking blocks, curbs, and other potentially disastrous obstructions.

AUTO FOLD MIRROR

HEATED MIRROR

PUDDLE LAMP

Two tone electric, auto fold, LED side indicators, heated door mirrors and a puddle lamp is attached to the bottom of each outside mirror to assist with vehicular entry and egress in the dark.

REAR COMBINATION LAMPS AND LED LIGHT GUIDE

1. Stop lamp
2. LED light guide
3. Direction indicator
4. Backup light
5. Stop lamp (general market)/
Rear fog lamp (Europe)

LED HIGH-MOUNTED STOP LAMP

The luxurious LED light guide ensures evenness in the flashing lights, providing a finishing touch to the external styling and enhancing the elegance of the vehicle.

REAR WINDOW WIPER

Visibility to the rear is maintained during inclement weather.

INTERIOR *Korando has a contemporary interior that is both modern in its design and driver-friendly in its function.*

The dashboard features soft touch materials which are of premium quality.

Black leather seat cover with leather steering cover and leather knob.

SAFETY AND STRENGTH

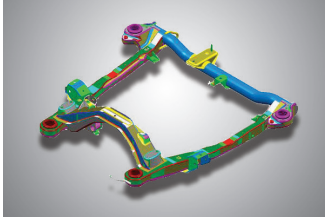

The Korando has a new monocoque body construction. Traditionally, 4x4s had a separate body and chassis, but the Korando's design allows for great strength and rigidity without excessive weight.

6 AIR BAGS
Driver, front passenger, side & curtain airbags

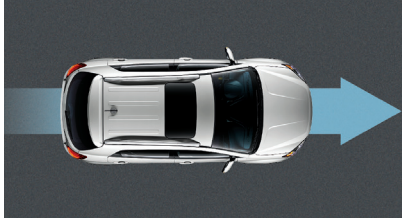

TIRE PRESSURE MONITORING SYSTEM (TPMS)
It measures tire pressure constantly and when abnormality is detected it issues an alert to the driver that reflects the degree of urgency.

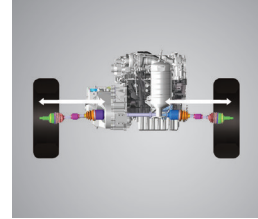

FULL SUB FRAME

A full sub-frame has been installed both front and rear for added protection against frame deformation in a collision enhancing vehicular stability.

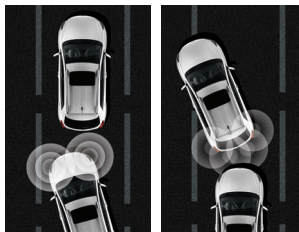

EQUAL-LENGTH DRIVESHAFTS

Improved straight-line stability ensures no side slip when accelerating rapidly. Torque steering is prevented for excellent straight-line stability. Ride smoothness is improved, while noise and vibration are reduced.

DRL(DAYTIME RUNNING LAMPS)

DRL helps when driving through areas where fog or dust is heavy in the daytime.

FRONT AND REAR PARKING SENSOR

The sensor data have been digitized to help prevent errors and thereby raise reliability.

ALL DISC BRAKE

Korando consists of disk brake on all four wheels assuring better safety.

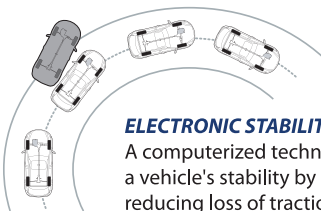

OFF-ROAD CAPABILITY COMPARISON

The New Korando can travel over rough terrain effortlessly with an approach and departure angle that is higher than the typical passenger car as well as most other SUVs. Also, the New Korando can tow larger trailers or campers than most of its rivals, which means greater options are available when taking long trips or going on leisure outings.

TOWING CAPACITY

Gross trailer Weight	SsangYong New Korando
Braked (kg)	2,000
Unbraked (kg)	750

ELECTRONIC STABILITY PROGRAM

A computerized technology that improves a vehicle's stability by detecting and reducing loss of traction.

ELECTRONIC BRAKE-FORCE DISTRIBUTION WITH ANTI-LOCK BRAKES

EBFD distributes braking power according to which wheels are braking most effectively at the time. Anti-lock brakes allow a car to stop quickly on slippery road conditions.

COMFORT AND CONVENIENCE

CRUISE CONTROL

POWER SUNROOF

AUTO AC WITH DIGITAL DISPLAY

SMART AND FOLDING KEY

**DRIVE & PASSENGER
(FRONT & REAR) HEATING SEAT**

DRIVER VENTILATION SEAT

AUDIO SYSTEM

High-end features to enhance driving efficiency, comfort and fun.

7 inch Touch Screen infotainment system with Smart Audio, Radio Data System, USB and HDMI port

Steering Wheel Remote Control

Bluetooth & Hands free Control

SPACE AND STORAGE

720 litres boot capacity

2nd row 40% flat

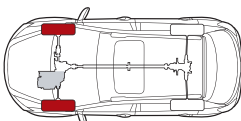

2nd row 60% flat

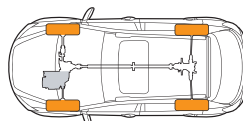

2nd row folded flat

DRIVING

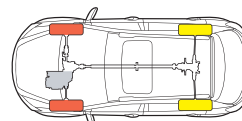

Active All Wheel Drive (AWD) System

Mostly 2WD

4WD for better stability

50:50 torque distribution (4WD lock)

DIMENSIONS

unit in mm

PERFORMANCE

e-Xdi 200 Diesel

This model design emphasizes low-end torque for better running efficiency and improved NVH performance. The cylinder block and heads are made of light, high strength metal. A single-belt system minimizes slippage and vibration.
